PHILOSOPHY

The goal of the Vermilion Local School District is to provide each student with an opportunity to develop as a complete person. To help accomplish this goal, we offer extracurricular activities that provide students with experiences outside the classroom. The value and learning outcomes which are fostered by these activities are an important part of a student's total experience. Participants are expected to adhere to the Activity Behavior Code and Competition Expectations as approved by the Board of Education and implemented by the district administration. Participation in extracurricular activities is a *privilege*, not a right, extended to all students who meet the eligibility requirements.

Vermilion Board of Education Policy #5610.05:

Participation in extra-curricular activities, including interscholastic sports, is a privilege and not a right. Therefore, the Board of Education authorizes the Superintendent, principals, and assistant principals and other authorized personnel employed by the District to supervise or coach a student activity program, to prohibit a student from participating in any particular or all extra-curricular activities of the District for offenses or violations of the Student Code of Conduct/Student Discipline Code.

In addition, students are further subject to the Student Activity Guide and may be prohibited from participating in all or part of any interscholastic sport for violations therein.

Students prohibited from participation in all or part of any extra-curricular activity are not entitled to further notice, hearing, or appeal rights.

This policy shall be included as part of the Student Activity Guide.

PREFACE

The Activity Behavior Code provides for disciplinary action for any student participating in extracurricular activities who falls below the minimum conduct requirements. Violations of the Activity Behavior Code will be subject to discipline administered under the direction of the Superintendent or designee, which may include removal from the event, or denial of participatory privilege in some or all activities for part of a season for a full season or a school year, and/or referral to the local authorities. The behavior may also warrant discipline under the Vermilion Local School District's Student Code of Conduct.

In addition, each student participating in extracurricular activities is obligated under the direction of the coach or activity advisor to strive to meet the Competition Expectations. Conduct or behavior which fails to meet these Competition Expectations may also violate, and be disciplined under, the Student Code of Conduct and/or the Activity Behavior Code.

The administration of the Vermilion Local School District is responsible for administering the Student Code of Conduct and the Activity Behavior Code.

ACTIVITY BEHAVIOR CODE OF CONDUCT

Students who participate in extracurricular activities represent not only themselves, but also the Vermilion Local Schools and the local community. Since student participants are the direct representative of their school, they are expected to maintain a high standard of exemplary behavior.

All students who wish to participate in an extracurricular activity shall be willing to accept the guidelines, rules and regulations that govern the activity in which they wish to participate. Since these activities are a privilege for each participating individual, it is important that students and parents/guardians be aware of the rules and regulations which are in effect twenty-four (24) hours per day, seven (7) days per week, and 365 days per year. The Administration reserves the right to determine the appropriateness of penalties based on the severity of the violation.

As much as possible, this Student Activity Guide covers most issues of athletic policy and conduct. However, because future events and circumstances cannot always be anticipated, the administration of Vermilion Local Schools reserves the right to change these policies or establish new policies as issues occur.

ACTIVITY BEHAVIOR CODE OF CONDUCT

K. ACADEMIC REQUIREMENTS

VHS and SMS extracurricular participants follow the *OHSAA Guidelines for Student Athletic Eligibility*. For 7th or 8th grader this means PASSING a total of 5 CLASSES. In addition, students at VHS who participate in extracurricular activities must maintain a minimum of a 1.5 GPA with no more than one (1) F. It is the responsibility of the student to be aware of the requirements for academic eligibility in particular when dropping from a course.

A student who is ineligible to participate in a contest or program may be permitted to practice during the first nine weeks he/she is ineligible. If a student is ineligible for a second nine weeks during a school year, he/she may not participate in any athletic practices or activities.

Coaches and/or Advisors will monitor participant's grades weekly during their respective seasons or activities. The coach or advisor may also deem it necessary to apply consequences to those participants failing to maintain the academic standards required to be eligible for extra-curricular activities.

**Board Policy 5530.01
August 13, 2012**

DRUG TESTING OF STUDENTS INVOLVED IN NONACADEMIC ACTIVITIES

Acknowledging that peer pressure has a significant impact on student life, and recognizing that observed and suspected use of alcohol, tobacco, and illicit drugs by Vermilion Local Schools students is a serious concern, a program of deterrence will be instituted as a proactive approach to a truly drug-free school environment. Since participation in nonacademic activities is a privilege, this program shall apply to all students, grades 8 through 12, who participate in school-sponsored athletics or other extra-curricular activities for which a grade is not given, and to eligible students who wish to obtain a parking permit. The purpose of the drug testing program is:

- A. to provide for the safety of all students;
- B. to undermine the effects of peer pressure by providing legitimate reasons for students to refuse to use drugs, tobacco, or alcohol;
- C. to encourage students who abuse drugs to participate in drug treatment programs; and
- D. to prevent the impact drug and alcohol use has on the learning centers of the brain, allowing students to achieve their full academic potential while attending Vermilion Local Schools.

ACTIVITY BEHAVIOR CODE OF CONDUCT

DRUG TESTING REQUIREMENTS

Prior to participation, parents of any student who intends to participate in athletics, extra-curricular activities, or to obtain a parking permit, will be required to provide written consent for random testing of prohibited substances. The Board of Education will pay the cost of testing, unless a split sample test is requested by parent and/or student.

The Board may contract with an external agency for the purpose of collecting and analyzing test samples. All samples will be collected under the supervision of medical personnel, and in a manner that protects the privacy of the students being tested. Any student who fails or refuses to produce a sample will be prohibited from participation in his/her designated activity until a sample is obtained and tested.

The results of the tests shall not become part of the students' permanent record. Test information shall only be released to persons designated in Board regulations and procedures. Test results will not be reported to law enforcement authorities, and test information will not be released to law enforcement or other parties except in response to a lawfully executed subpoena. In the latter case, parents will be notified within forty-eight (48) hours of the receipt of the subpoena.

Except as stated in the administrative guidelines, violation of this drug testing policy will not result in suspension or expulsion. Nonetheless, the testing program does not affect current policies of the Board regarding student drug, tobacco, or alcohol possession or use, where reasonable suspicion is established by means other than testing as outlined in this policy. Additionally, any student who in any way aids or abets another student in violating this policy or the administrative guidelines for this policy will be subject to discipline.

The Superintendent shall establish procedures for implementation of this policy, and for addressing any violations.
